JOSEPH DON JINS

Kochi,Kerala   9048129277   josephdon789@gmail.com   www.linkedin.com/in/joseph-don-jins

Full-Stack Developer with hands-on experience in building robust backend systems using Node.js, Express.js, and MongoDB. Strong foundation in developing secure REST APIs, integrating payment/auth systems, and deploying responsive UIs with React. Recent BCA graduate passionate about clean code, scalability, and user experience.

Project

Zyrokart - Full-Stack E-Commerce Platform

Tech Stack: React.js, Node.js, Express.js, MongoDB, Razorpay, Firebase, Tailwind CSS

- Developed product and user management APIs using Express and MongoDB
- Integrated Razorpay for payments and Firebase for authentication
- Built scalable backend deployed with real-time database access

Personal Portfolio Website

Tech Stack: React.js, Vite, Tailwind CSS, Node.js, Firebase , express mongodb atlas

Live URL: https://portfolio-final-five-jade.vercel.app

- Built responsive portfolio using React.js, Vite, Tailwind CSS
- Integrated Cloudinary and custom admin panel for project updates
- Deployed on Vercel with SEO and mobile optimization

Concert Booking Platform

Tech Stack: Express, Node, HTML, CSS, JavaScript, MongoDb

- Full-stack web app with React frontend and Express backend
- Built user-facing UI for event listing and booking
- Developed secure APIs, authentication, and admin features

Education

BCA (Bachelor of Computer Application)
Mar Augusthinose College, MG University | 2021 – 2024

Plus Two – Computer Science
St. Joseph HSS | 2019 – 2021

Technical Skills

Languages: JavaScript (ES6+), TypeScript, Python, Java

Backend: Node.js, Express.js, REST APIs, JWT, Firebase Admin

Frontend: React.js, Tailwind CSS, HTML, CSS

Databases: MongoDB (Atlas), MySQL

Tools: Git, GitHub, Postman, Razorpay, Cloudinary, Firebase, VS Code

Soft Skills

Problem-Solving • Team Collaboration • Adaptability • Time Management
